

At Murphy Creek Maine Coons, our queens are the heart of our cattery. Graceful, loving, and carefully bred from champion bloodlines, each queen embodies the elegance and gentle nature the Maine Coon breed is known for. Our queens receive the highest level of care and attention to ensure their health, comfort, and well-being throughout every stage of motherhood. Their nurturing personalities and excellent genetics contribute to raising confident, social, and beautiful kittens that thrive in loving homes. We take pride in maintaining a breeding program centered around healthy queens with outstanding temperaments and exceptional European features.
